

Please note that this Ashton-Drake Galleries doll was created specifically for those living with Alzheimer's or memory loss. **Kayla** is a **So Truly Real**® baby doll: she's poseable, lightly weighted to feel real in your arms, crafted of *RealTouch*® vinyl, and has hand-rooted hair and a cuddly cloth body. Her sleeper and cap are made of pink velour. We hope you enjoy your doll!

HOW TO DISPLAY AND CARE FOR YOUR ASHTON-DRAKE GALLERIES DOLL

If your doll comes with accessories, they will usually be packaged separately inside the doll box. Check to make sure you have removed all items.

Save the boxes, literature and packaging materials for safe storage of your comfort doll.

This doll is made for ages 6+. However, to preserve the doll as long as possible, be gentle when moving any part of the body.

Please take extra care when touching the head or removing the clothing.

Avoid using any ink or markers near your doll since the doll can be stained and permanently damaged.

To keep your doll looking its best, be sure to keep it out of direct sunlight and dust it regularly, especially inside the folds of the costume.

HAIR CARE:

To style hair, use a nylon bristle brush or comb that you've purchased specifically for the doll (natural oils from your own hairstyling tools can damage the doll's hair).

For straight or wavy hair, spray a little water on hair to moisten then gently brush/comb the hair in one direction from the crown down; do not yank or pull the hair.

For curly hair use small foam curlers. Simply moisten the hair with a little water and keep the curlers in place until the hair dries naturally. Remove curlers to style as needed.
